INSUREtrust Wins Award at Advisen's 2018 Cyber Risk Awards

Norcross, GA (June 7, 2018)—INSUREtrust is excited to announce they were the recipients of an award at Advisen's 2018 Cyber Risk Awards held in New York City on June 6, 2018. Christiaan Durdaller of INSUREtrust was named Cyber Risk Industry Person of the Year – USA. Advisen's Cyber Risk Awards recognizes the P&C insurance industry's most influential cyber risk professionals.

"I'd like to thank Steve [Haase] for taking a chance on me several years ago. It's been a hell of a ride so far."

"I'd also like to give a big shout-out to the rest of my team, John, Hannah, Will, Zane, Landon, Katie, Vince, Michael, Brady, Sam, Nishita, Shalini, Arpita, Adam, Crystal, Fatou and the rest of our group - without them, the last several years wouldn't be nearly what they have been. We've got an amazing group with a passion for the product in an industry that continues to encourage creativity," Durdaller said.

Advisen's Cyber Risk Awards were determined by "People's Choice," leveraging Advisen's vast contact database of insurance professionals who care about cyber risk. This year's list of nominees included 20 new individuals and 27 new companies not included in last year's ballot. Thirty-four cyber risk professionals and 66 companies were shortlisted across 10 categories.

Advisen's 5th annual Cyber Risk Awards was held at a gala dinner event at Gotham Hall in New York City. Over 400 P&C Professionals who care about Cyber Risk attended the dinner. INSUREtrust also won Cyber Risk Broking Team of the Year in 2017, making it the second consecutive year that they've won an Advisen award.
